

Think Tank. Disruption.
Digital Transformation.

Shaping innovations

- /// Welcome to the think tank for innovation and digital transformation in the heart of Vienna! The third floor in the building at Eschenbachgasse 11, E /// for short, is where entrepreneurs and promoters of finance and technology-related innovations come together. This is the ecosystem where ideas and business models of the future are created and driven forward by the network.
- /// We are offering you and your business flexible workplaces with a company address in the first district, including meeting rooms, cleaning, IT infrastructure, and more.

Under one roof with game changers

- /// The dialogue going on in this ecosystem brings out synergies for new business models and products. We are united by the will to contribute to the transformation of the economy in the areas of analytics, data science, AI and the like.
- /// As part of this network, you can benefit from exciting events and collaboration opportunities. You can network with like-minded people and find cooperation partners.

Personalized services

- /// In the aviation-inspired office space, you'll find seven offices, a lounge, a meeting room, an event tower and a kitchen on just under 500 sqm. We can configure your working environment to best suit your business.
- /// The central location in the 1st district of the city of Vienna is known for its great public transport connections and surrounded by the artistic inspiration of the Academy of Fine Arts. The building houses the headquarters of the Austrian Craft and Trade Association.

Managed by experts

/// As a service provider just one floor up from E///, TCI Consult supports young innovators and is available as a contact point. Our expertise and network of companies working with data-driven business models can connect you and your business with the right partners and sponsors, including investors, banks or telecommunication companies.

/// If you are still undecided, just contact us. Get to know us and the other members of the network and book an office tour!
